

A Message from President Stanley Tucker:

At Farmers and Merchants Bank, the well-being of our customers, staff and communities are a top priority. During times of uncertainty, Farmers and Merchants Bank is dedicated and able to implement a timely response plan to meet the needs of our customers and staff. With the Coronavirus (COVID-19) situation escalating, be assured that Farmers and Merchants Bank is taking the necessary steps to ensure that our banking services are available to our customers. In an effort to limit person to person contact, we have decided to close the lobby of each branch until further notice. The drive thru will remain open during regular business hours. We are taking these precautionary measures to ensure we are following best practices to mitigate risks for our staff and customers.

For the next couple of weeks, we would like to strongly encourage you to use our digital tools and other self-service banking resources for 24/7 account access. Using electronic means such as online banking and using your debit card to make purchases is a much more sanitary and safer way to do business rather than using cash.

Farmers and Merchants Bank currently offers:

- NetTeller Online Banking with Way2Pay Bill Pay
- F&M Mobile Banking Application (found in the app store and google play)
- ATMs (All branches have ATMs)
- Telephone Banking 877-864-9941

You may visit our website www.fmlafayette.com to find ATM locations and retrieve more information about the products offered. Please call one of our branches to enroll in online banking or make an appointment with a loan officer or customer service representative.

As always, Farmers and Merchants Bank is here to assist customers that may be impacted financially. We encourage you to reach out to us to discuss how we may be able to assist you if a difficult situation arises.

We will continue to monitor this evolving situation and we are here to assist you as needed.

If you need to reach out, please contact us.
